ABOUT THE PROJECT

Fostering entrepreneurship has become a policy priority in Europe and the European Union Member States are taking measures to develop and provide entrepreneurship education programmes.

In this sense, entrepreneurial skills are nowadays necessary in any field of activity. Thus, it is essential to build and develop entrepreneurial skills that enable a person to succeed as an entrepreneur.

The Entre-Forward project focuses on upskilling people and showcases the importance of developing entrepreneurial skills. Also, the project aims at promoting innovative approaches to strengthen the cooperation between industry and education towards entrepreneurship and proposes innovative practice-based methods, where students are involved in project work and/or motivational activities.
